

Towards a New Urban Agenda

Brussels, 21 June 2016

A Conference for Rethinking the Urban Agenda

UN global summit after the adoption of the SDG's and the Paris Climate Change Agreement. The Conference will result in a concise, focused, forward-looking and action-oriented outcome document: the **New Urban Agenda**.

// Urbanization as an endogenous source of Development

// New urban models are required to effectively address the challenge of
Climate Change

// Urbanization as a tool for Social Integration and Equity

A ROAD TOWARDS A NEW URBAN PARADIGM
